

Chemo Brain

written by: Charlie Lustman

Baby it's not strange the things I do
For a guy who's had a dose or two
Sorry I forgot the chicken cookin' on the range
And I would have burned the kitchen down if you
had not come back from town

Chemo brain chemo brain
Don't get mad at me
Baby can't you see I'm not to blame
It's chemo brain

Yes the doctor warned us of this state
Happens to the best of us they say
So come on honey please be patient
you know it's not my fault
And I feel like such a fool
forgetting to pick up our son from school

Chemo brain chemo brain
Don't get mad at me
Baby can't you see I'm not to blame
It's chemo brain

It makes you do things that you would not have done at all
It's such a good excuse to use

Yes I'd like the lobster live from Maine
Caviar and Dom Perignon champagne
Must have been the finest meal that I ever had
And I left as happy as a clam but I forgot to pay the man

Chemo brain chemo brain
Don't be hard on me
Judge can't you see I'm not to blame
It's chemo brain - it makes you do things
that you would not have done at all
It's such a good excuse
Chemo brain chemo brain
Don't be sore at me
Darlin' can't you see I'm not the same...it's chemo brain
