## Letter of reference

Dear Charlie,

Thank you for your visit to Norway on 12<sup>th</sup> September and for your dedication to the greater cause of living with cancer. Thank you for sharing your music and your story so generously and honestly. It was inspiring for all of us.

Thank you also for taking the time to share your message with a group of terminal cancer patients at the cancer support center at Oslo university hospital.

They seemed to really enjoy your performance and message. A couple of patients expressed especially that they were deeply touched and inspired. Some would have appreciated a good talk with you, if time had been available.

We wish you every success in bringing your message of HOPE to everyone touched by cancer around the world.

Yours sincerely,  
Norwegian Cancer Society
