

## Dr. O

written by: Charlie Lustman

Tell me where am I to go now that I know I'm in trouble  
Do you have a name of someone from the bible  
Someone you can trust with years of admiration  
Well there's not too many hands can do this operation

Tell me who  
Tell me who is highly regarded  
And who will know where this started  
Do you know Dr. O?

When he came into the room I had so many questions  
I said, "show me your degree"  
I was head of the inspections  
Well he looked me in the eyes  
and knew what I was dealing with  
and he told me that he knew the feelings I was feeling  
and he said

He once was where I'm standing now  
they told him they did not know how  
And so he said he must believe in something more than what they see  
in Dr. O

He said take a second opinion  
Wait before you make a decision  
I know it's hard to figure out what everything is all about  
I'm here to help you when you need me

Dr. O  
Yes they say he's amazing, a prodigy  
Do you think you can save me from what they see  
Dr. O  
Led the people from the holy land, show me the way  
He's the only one who understands what I'm trying to say  
Dr. O  
When he came into the room, made me feel good  
Felt like someone that I've known before in my neighborhood  
He's Dr. O
